

Educational grant proposal

Dear partners,

The JOUQ are pleased to announce the 56th Journées ophtalmologiques universitaires de Québec **on January 28 and 29, 2027**. We are fortunate to offer a topic that is very much appreciated by the participants: **Imaging**. This dual-session scientific program is intended for ophthalmologists, residents, and paramedical staff (nurses, ophthalmic technicians and orthoptists).

We are proud of the quality of the proposed program and of the high-calibre speakers who will be present. This continuing medical education activity aims to directly improve the quality of patient care and is made possible by you.

Thanking you in advance for your precious support, we kindly ask you to accept, dear partners, the expression of our best regards.

JOUQ Organizing Committee

Journées ophtalmologiques universitaires de Québec
Hôpital Saint-Sacrement - CUO 1050 Chemin Sainte-Foy, Local D1-02
Québec (Québec) Canada, G1S 4L8

*In exchange for its financial contribution, the sponsor will be offered visibility depending on the grant chosen. The visibility offered will respect the Code of Ethics of the Conseil Québécois de développement professionnel continu des médecins.
The JOUQ are willing to discuss any visibility requests that are not part of this document.*
